

A note from the VenueShopping team-

'We are allowing all of our venues to utilize the site, free of charge through December 31st, 2015.

During this period we will be enhancing both the user experience and the venue [back-end] functionality. We believe in proving the value of the site before we will ever charge you for anything. Therefore, until the site starts generating a solid flow of qualified leads, it will remain free for all venues. We hope this explains everything, and should you have any further questions, feel free to reach out!

During BETA, we have 2 listing options-

FULL Listing-

Our FULL listing includes all of the great features VenueShopping has to offer, including: a photo gallery, video, downloadable floor plan, functional maps and more. For venues that can do it all and have a team of event experts, this is the listing for you! The FULL listing allows venues to provide their own contact information so that planners will reach out directly to the venue. All the leads will filter directly to you.

VenueShopping Virtual Sales Manager-

We also work with venues that don't have a dedicated event sales manager. We work with GM's/owners on generating pricing and packages for all types of event requests. We then just work with venue's availability and sell the agreed upon pricing for these packages on the venue's behalf. We will just send you your event orders so you know what's booked! This is a free service as well, and we don't make money unless we sell events.
